4 simple ways to buy

## YOUR KITCHEN, YOUR WAY

---

Our approach to finance reflects our approach to building beautiful kitchens; personalised and flexible. We understand that a kitchen is a considered investment for any home, and that's why we offer 4 simple ways to buy, so that you can choose the right solution for you.

### 01. 0% APR REPRESENTATIVE INTEREST FREE FINANCE

Spread the cost with our interest free finance available in store. Our simple finance options allow you to spread the cost of your purchase over 24 months. All you need to do is spend a minimum of **£7000** (or above) and place a minimum **50%** deposit.

---

### 02. BUY NOW PAY LATER

If you choose our Buy Now, Pay Later option you just pay **10%** deposit, with only the remaining balance to pay if you settle within the 12 month period. Or At the end of the Buy Now, Pay Later period you can choose to pay the balance with 120 monthly payments at an interest rate of **19.9%** APR.

---

### 03. FLEXIBLE MONTHLY PAYMENT

Interest is calculated daily and added monthly at a rate of **0.79%**. You must make the minimum repayment each month **over 36 (3 yrs), 60 (5 yrs) and 120 (10 yrs) month period**. You can make additional repayments and therefore control the term of the loan and reduce the amount of interest you would pay.

---

### 04. BUY NOW

After your complimentary design consultation, we require an initial deposit of **10%** to secure the quoted price for your kitchen. Followed by a **45%** cash payment on survey and a final **45%** balance on delivery. This is a finance free payment option, based on a cash purchase.
